

Do you have to store your lever arch binders separately from your other files?

Do away with those cumbersome, difficult to store lever arch binders!

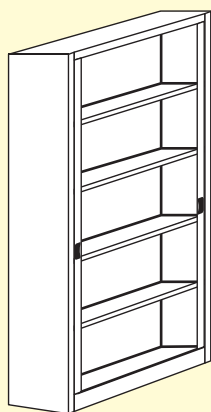

JUMBO D-RING FILE

- Extremely smooth paper transfer from side to side
- Rigid 6cm binder capacity allows easy access to paperwork
- Lighter weight than traditional lever arch file
- Store all your paper together in your one, uniform colour coded filing system
- Strong reinforced end tab which allows you to index your information on the side
- Durable 426gsm double laminated both inside and out

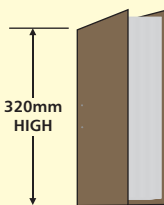

- Available in three lengths: 355mm, 368mm & 387mm to suit your specific needs
- Custom printing available for the file for orders > 1000 files
- Easy to use
- Standard file has 2 rings (3 or 4 rings also available)
- Smaller diameter rings are also available if required

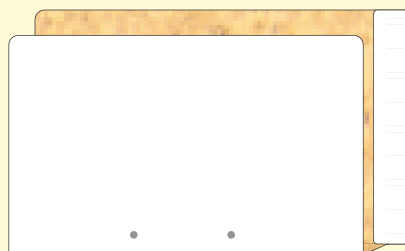

GET BETTER USE OF YOUR FLOOR SPACE!

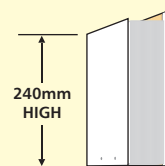

2210mm high unit will only hold 5 shelves of LeverArch Files!

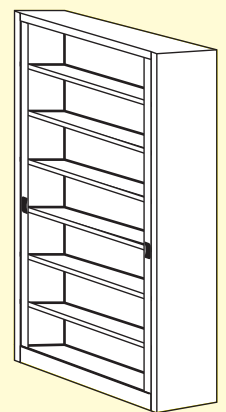

Lever arch file is too tall to fit on the shelf with colour coded lateral filing.

In the same floor space you can hold 40% more files

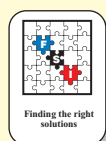

Jumbo file sits on the shelf, colour coded, with your other files.

2210mm high unit will hold 7 shelves of D-Ring Files, which means a 40% better use of your floor space.

KEEP ALL YOUR DOCUMENTS TOGETHER IN YOUR COLOUR CODED LATERAL FILING SYSTEM
